

Key XRP ETF / ETP launch dates

Several XRP exchange-traded products have launched globally, with key firsts in Canada (June 2025) and the U.S. spot market (November 2025), plus multiple additional U.S. spot XRP ETFs going live through November–December 2025. There are also earlier European XRP ETP listings dating back to late 2023.

Key XRP ETF / ETP launch dates

- **First Canadian spot XRP ETF (Purpose XRP ETF, ticker XRPP)**
 - Launch/trading start: **June 18, 2025** on the Toronto Stock Exchange.
- **First U.S. spot XRP ETF (Canary Capital XRP ETF, ticker often cited as XRPC)**
 - Approval/listing certification: **November 12, 2025**.
 - Trading start: **November 13, 2025** on a U.S. exchange (Nasdaq).
- **Other early U.S. spot XRP ETFs (examples)**
 - **Bitwise XRP ETF**: earliest launch window disclosed as **November 20, 2025**.
 - **Grayscale XRP ETF**: expected launch date **November 24, 2025**.
 - **Franklin Templeton XRP ETF**: also set for **November 24, 2025**.
 - Analyses describe **7–9 U.S. XRP ETFs** launching between roughly **November 13 and November 25, 2025**, creating a clustered launch cycle.
- **21Shares U.S. spot XRP ETF (TOXR)**
 - Launch date given as **December 1, 2025**, entering the U.S. market amid the second wave of spot XRP products.
- **U.S. XRP futures / leveraged ETF example**
 - **ProShares Ultra XRP ETF (UXRP, 2x leveraged)** began trading in **July 2025**, referencing XRP futures exposure rather than spot.
- **European XRP ETPs**
 - Valour announced a **Ripple (XRP) ETP** to launch on a European exchange in **early December 2023**, one of the earlier listed XRP ETPs globally.
